

St Louis Grammar School Proposed Redevelopment

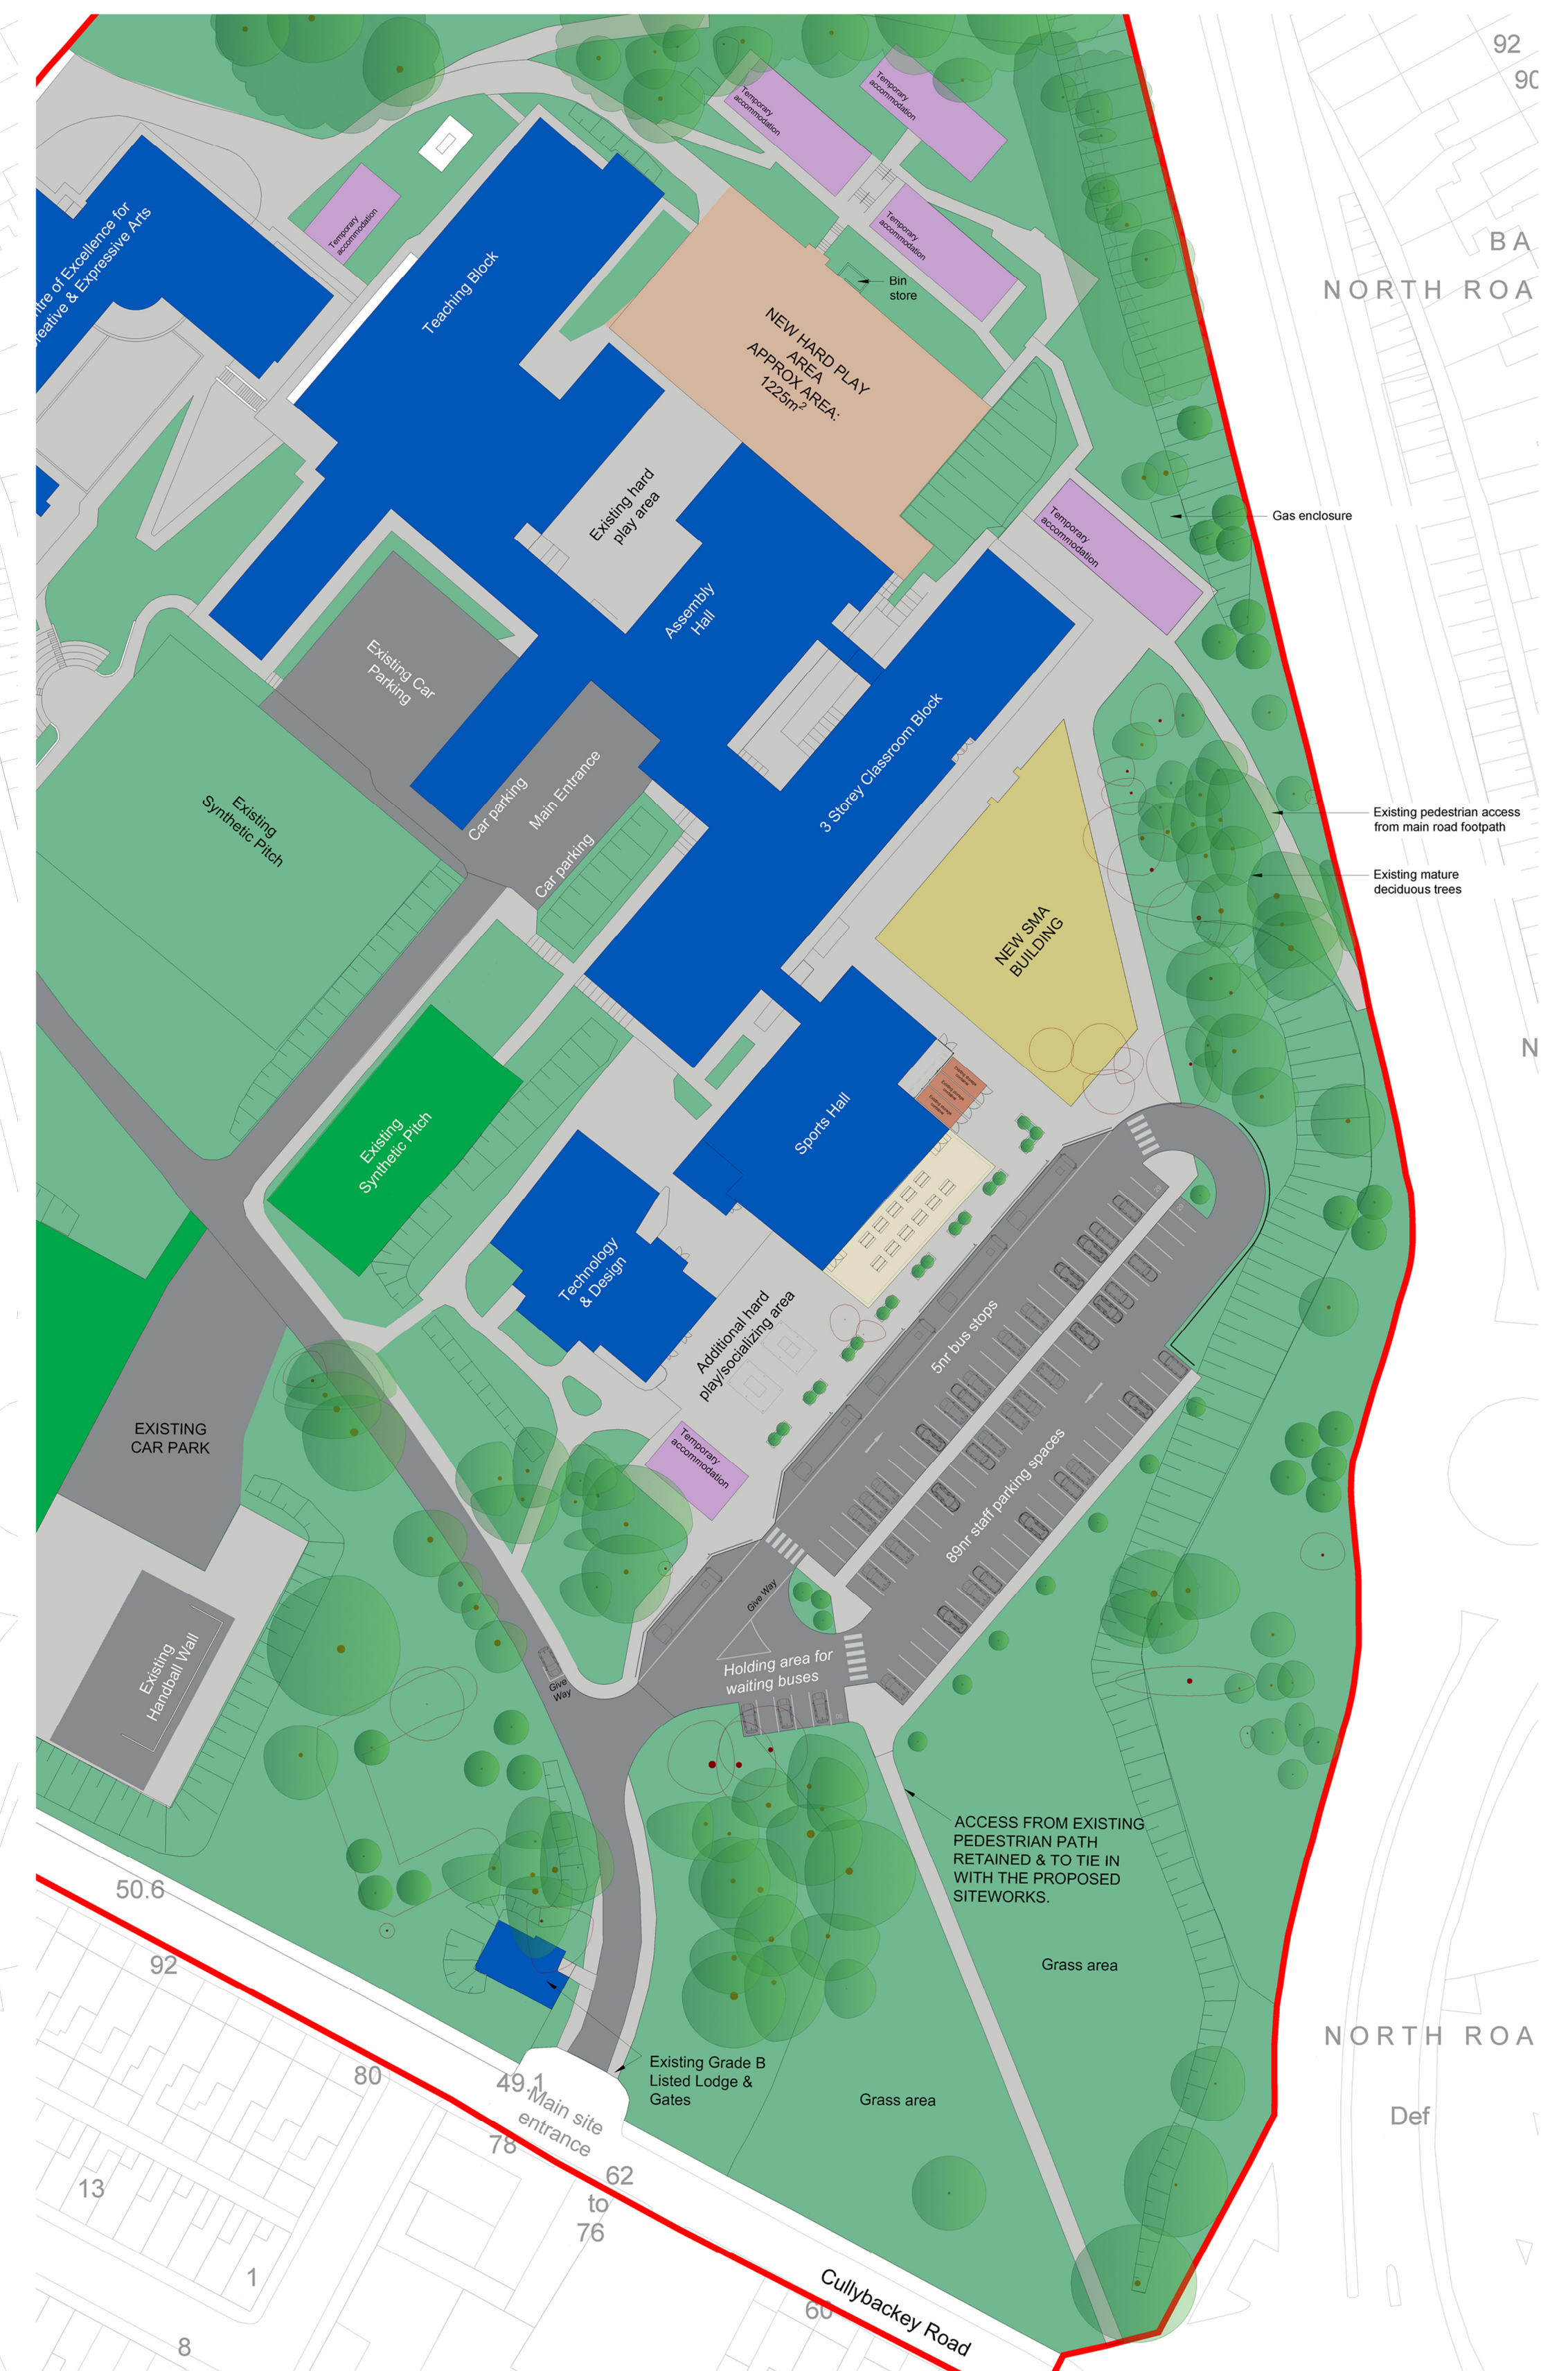

- 1 Bungalow Demolition & New Car Park**
Demolish the existing vacant caretaker's bungalow located along the access road and replace with grassed open space. Remove the surrounding mature coniferous trees.
- 2 Demolition of existing School Meals Accommodation (SMA)**
The existing SMA block is to be demolished, together with the corridor linking back to the main school building and the existing gable wall made good. Once demolished, the area of the existing SMA is to be finished as a playground.
- 3 School Meals Accommodation**
Construct a new stand-alone dining block. The accommodation is to include entrance foyer, pupil toilets, accessible toilets, cleaner's store and mechanical and engineering plant rooms. Other facilities proposed to serve the new SMA include the provision of:
 - road access for deliveries, refuse collection and maintenance.
 - a refuse enclosure within close proximity parking for SMA staff and/or supervisory staff.
 - pedestrian access from the existing school to the new SMA.
- 4 Replacement Windows**
Replace all single glazed windows in the main 3 storey classroom block with double glazed units. The current estimated area is approximately 628m². It is noted that this does not include the replacement of any curtain walling or external doors in the 3-storey classroom block.
